DISC GOLF

Van Buren Disc Golf Course

Disc golf is similar to regular golf; however, instead of using golf clubs and balls aiming for a hole, Disc Golf players use golf discs and aim for a Disc Pole Hole, a pole extending up from the ground with chains and a basket where the disc lands. The object of the game is to complete each hole in the fewest number of throws, starting from a tee area and finishing at the Disc Pole Hole. Generally, a course is 9 or 18 Disc Pole Holes long. Players start at hole one and complete the course in order, playing through to the last hole. The player with lowest total cumulative score wins.
