PUBLIC INFORMATION SESSION FOR WARNERS ROAD BRIDGE REPLACEMENT OVER THE THRUWAY (I-90) IN ONONDAGA COUNTY

The New York State Thruway Authority will hold a public information session regarding the replacement of the Warners Road Bridge over the Thruway (I-90) in the Town of Warners.

The new bridge will have increased clearance so that it meets current standards with wider travel lanes and shoulders. This project also includes the reconstruction of the approach on both sides of the bridge. The existing bridge was built in 1954 and carries approximately 3,000 vehicles per day.

The public information session will include several renderings and information boards on display, and representatives from the Thruway Authority will be available to answer questions about the project.

Date: Tuesday, June 28, 2022

Time: 4 p.m. to 7 p.m.

Location:

Warners Fire Department Firehouse
6444 Newport Road
Warners, NY 13164

Parking is available.
