One more church added and existing church will be for offices and schooling. Mr. Gebre shared that once a year the church has a large gathering of roughly 500 people and hope the expansion will help accommodate the crowd in years to come. GENETE DENAGIL SAINT ARSEMA & SAINT KRISTOS SEMRA ETHIOPIA ORTHODOX TEWAHEDO MONASTERY- SITE PLAN & SPECIAL USE PERMIT-7382 OBRIEN RD. BALDWINVILLE, NY- TAX MAP ID #064-01-06. (R-40)

Chairman informed Mr. Gebre the site is about 5 acres and will require a Stormwater Prevention Plan (SWPPP). This will contain drainage from new buildings added. Applicant asked if only one building is built in the next three years do they still need a SWPPP. Yes, anything over an acre. Mr. Sykes explained that it will be included with the master plan for phases of building therefore will be easier to reference back to.

Mr. Geiss requests that Applicant define each building being built with their uses. Parking will have to be added to plans- how many spaces needed along with handicap spots. Mr. Sykes says to determine the uses of the buildings and their capacity to know how many parking spaces needed. As well as looking into school requirements as it may require more planning if buildings are used for teaching. Mr. Geiss asked if there will be any outside gatherings or concerts. Mr. Gerbe answered there is an annual celebration that occurs outside with a large tent. Mr. Sykes informed Applicant the Board will need hours of operation for any outside activities.

Chairman asked about water and sewer and Mr. Gebre answered it was public water and private septic. Mr. Palmer spoke to a house being built nearby their property and are looking into connecting to the public sewer. Applicant may want to look into this. With expansion, water and

sewer must be able to accommodate. Confirm with OCWA. Landscaping and shrubbery for screening neighbors to be shown on plans as well as any lighting if adding. Mr. Bowes asked about the application being for both Site Plan and Special Use Permit. Mr. Geiss replied that the Board must see the uses defined for each building before determining if a Special Use Permit is needed. Applicant asked about a possibility of downsizing plans to focus on congregation hall, it being their main point of focus. Chairman said whatever they would like to do. Communicate with Codes Office.
